Profile

I am an ardent and zealous IT enthusiast who loves playing games and programming websites and therefore, I am seeking to be hired in the IT industry. My desire to grow, to learn more encourages me so much that I reach for the top in such a changing industry.

In spite of the fact that I may not yet be a leader, I have natural leadership traits such as efficient communication, working in a group and being willing to fulfil joint objectives. Having studied mathematics for years, my problem solving skill has improved as well as my ability towards analog thinking. This has provided me with an excellent background required to solve difficult IT problems. The scope of my competence goes far beyond software because I know all the components of hardware. My hardworking nature and determination towards achieving better results makes me an ideal employee of any IT team. My expertise and enthusiasm will be aimed at enhancing the already dynamic IT domain as well as drawing upon my experience for groundbreaking ideas. I desire onward expansion into the field of Information technology, a move which will enable me to acquire new skills. My love and enthusiasm for IT basics, web, and gambling along with my unstoppable ambition should prove crucial to every other member of an IT team.

Education

09/2007 - 06/2012

Foundations

Elementary School "Ivan Vazov", Silistra

Elementary School "Ivan Vazov" Alumnus:

- **Academic Foundation:** Received a solid education emphasizing critical thinking and curiosity.
- **Personalized Attention:** Benefited from dedicated teachers who provided individualized support.
- **Inclusive Environment:** Thrived in a diverse and supportive community that values every student.
- **Extracurricular Engagement:** Participated in enriching activities that fostered creativity and leadership skills.
- **Technologically Savvy:** Learned in a modern environment with up-to-date facilities and resources.
- **Community Connection:** Maintained a strong connection with the school community, fostering a collaborative approach.

Proud to be an alum of Elementary School "Ivan Vazov," where a foundation for lifelong learning and success was laid.

09/2012 - 05/2019

Mathematics

Natural and Mathematical High School "St. Kliment Ohridski", Silistra

Mathematics Program at Natural and Mathematical High School "St. Kliment Ohridski" Alumnus:

I consent to the processing of my personal data for the purpose of recruitment for the position to which I am applying.

Languages

- Bulgarian
- English

Hobbies

- Gaming
- Socializing
- Entrepreneurship

Qualities

- Integrity
- Resilience
- Empathy
- Open-mindedness
- Generosity

- **Advanced Mathematics Curriculum:** Completed a rigorous program focusing on advanced mathematical concepts and problem-solving skills.
- **Exceptional Faculty:** Benefited from the guidance of knowledgeable and dedicated mathematics educators.
- **Research and Analysis:** Engaged in mathematical research and analytical thinking, honing skills in logical reasoning and critical analysis.
- **Competitive Environment:** Thrived in a challenging academic environment that encouraged healthy competition and intellectual growth.
- **Extracurricular Involvement:** Participated in mathematics-related clubs, competitions, and activities to further deepen understanding and application.
- **Preparation for Higher Education:** Acquired a solid foundation in mathematics, preparing for further studies in a STEM-related field.

Grateful for the enriching experience at Natural and Mathematical High School "St. Kliment Ohridski," where a passion for mathematics and a strong academic foundation were cultivated.

09/2019 - 09/2023

Bachelor of Computer Science

Angel Kanchev University of Rousse, Rousse
Bachelor of Computer Science - Angel Kanchev
University of Rousse Alumnus:

- **Comprehensive Computer Science Curriculum:** Completed an extensive program covering various computer science domains, including programming languages, algorithms, software engineering, and databases.
- **Practical Application:** Applied theoretical knowledge through hands-on experience in coding, systems analysis, and software creation in practical projects.
- **Cutting-edge Technology:** Kept abreast of the latest technological developments to maintain relevance in a dynamic industry.
- **Collaborative Learning Environment:** Worked on group projects, honing teamwork and communication skills crucial for success in the tech field.
- **Internship Experience:** Applied skills gained from internships in real-world settings, acquiring practical industry knowledge.
- **Problem-Solving Aptitude:** Developed a proactive problem-solving orientation, essential for addressing complex challenges in computer science.
- **Thesis Research:** Conducted in-depth

research and analysis for the Computer Science thesis, contributing to the academic discourse in the field.

Computer science graduate and proud alumnus of Angel Kanchev University of Rousse, prepared for a successful career in the tech industry.

10/2023 - Present

Master of Software Engineering

Rousse

Master of Software Engineering - Angel Kanchev University of Rousse Candidate:

- **Advanced Software Engineering Curriculum:** Engaged in a comprehensive program, exploring intricate aspects of software engineering, including software architecture, design patterns, and advanced development strategies.
- **Practical Implementation:** Applied theoretical knowledge through hands-on projects, gaining practical skills in software development, testing, and maintenance.
- **Cutting-edge Technologies:** Stayed consistently updated on new technologies and industry trends, maintaining a contemporary skill set to address current software challenges.
- **Collaborative Project Management:** Worked on collaborative projects, emphasizing team building and effective communication to achieve project milestones.
- **Research and Innovation:** Participated in research activities, contributing to the evolution of software engineering knowledge and staying abreast of technological advancements.
- **Problem-solving Leadership:** Developed leadership skills with a focus on forward-thinking problem resolution, essential for navigating complex software engineering challenges.

Embarking on the Master of Software Engineering program at Angel Kanchev University of Rousse, poised to excel in the dynamic and ever-evolving field of software engineering.

Employment

06/2018 - 09/2020

Waiter

Sunrise Blue Magic Hotel, Obzor

At the tender age of 17 years, I took my first job as a seasonal waiter in the hotel industry. The job was exciting in that it encompassed many tasks to which I adjusted swiftly. My duties included serving clients in the hotel's restaurant as a waiter. Apart from my role as a waiter, I also took on various other tasks within the hotel:

- **Bartending:** My experience included bartending, cocktail making, and filling-in when needed for the bar, demonstrating flexibility in food and beverages.
- **Gardening:** Cleaning and general upkeep of the hotel's gardens was one of my roles; proving I did not just consider the room cleanliness, but aimed to assist in maintaining the entire premises.
- **Multitasking:** Flexibility was the keystone in a seasonal hotel setting. I frequently played these roles including, front desk support, room service and events set-up demonstrating flexibility and willingness to help.

04/2021 - 09/2023

Waiter

Resturant - Boliarki, Silistra

In my time at Boliarki, I successfully managed multiple tasks in several areas of restaurant management. In my capacity as a waiter, I left no stone unturned to ensure patrons were treated gently yet professionally. I was also required to take orders and coordinate the smooth flow of service throughout the meals. As for mixology, I put on the bartender's cap and made my cocktails tastefully.

Moreover, I acted as someone in charge of some takeaways, improving routes so that delivery service would be faster. Additionally, I was tasked with maintaining a clean environment in the facility, repairing any faults that may arise, and also helped with gardening at the back of the house.

Flexible skills and a dedication towards doing my tasks well helped me contribute to improving the business operations and enhancing customer satisfaction.
